

Option 4

Ultimate Outdoor adventure

Overcoming obstacles, reaching your goals and celebrating your achievements, no matter how small – it's what Scouting, and this residential, are all about. This school experience provides a real sense of adventure, all under the careful supervision of our instructors. Scrambling up ghylls, crawling through caves, sailing vast lakes or summiting mountain peaks; challenges don't get much more exciting than this! Inspiring locations and exciting activities make up a big part of this adventure – but the real value of this school experience is in the time and effort pupils put into achieving their goals, honing their leadership, teamwork and technical skills. Led by our specialist instructors, with school staff taking a supportive role in the residential experience (don't worry no outdoor skills required!), this is an opportunity for pupils to discover new environments, new challenges and gain a deeper understanding of their own abilities.

01

- One to four night residential experience
- Inspiring Lake District locations
- Indoor or tented village full board accommodation
- Real outdoor skills and goals designed to stretch pupils

Why?

This school experience is for you if:

- you want to inspire your pupils and show them the value of persevering towards a goal
- you want a challenging programme designed to stretch your pupils under the safety and supervision of our qualified staff
- you want more than just a week at an Scout Adventure Centre
- you want to benefit from The Scout Association's expertise in developing young people
- you want the money you spend to go back into providing opportunities for young people

WHERE:
Great Tower, Lochgoilhead

Ultimate outdoor adventure example programme

	1	2		3	4		Evening
Day 1	Arrive			Ghyll scrambling or sailin		Dinner	Geocaching
Day 2	Caving or mounting day					Dinner	Camp fire
Day 3	Crag climbing		Lunch	Depart for home			

Our approach

This school experience is delivered by our specialist instructors with pastoral support from school staff. All activities are led by instructors with the relevant and appropriate qualifications (eg Mountain Leaders, BCU, coaches etc). As well as technical competence our staff are also experienced in facilitating effective group work and personal development in the outdoors. They utilise challenge by choice and objective setting to ensure activities stretch pupils but are still enjoyable for all taking part.

The role of the teacher is to provide support to the pupils, helping to motivate and challenge them throughout the activity. Teachers do not need any outdoor skills, just a willingness to get involved with the action – we believe this active role is vital in building trust between school staff and their pupils, and forming strong working relationships that will have benefit far beyond the residential.

The school experience is designed to provide a balance of challenging activities with the right level of support for pupils to learn and develop – this includes full catering, hot showers and somewhere comfortable to sleep ready for another exciting day!

Our minimum group size for this school experience is 20. If you've got a smaller group, please do get in touch and we'll do our best to accommodate you.

What's included

- Fully catered three meals a day
- Indoor accommodation in our purpose-built lodges OR comfortable camping in our new tented village
- One free teacher place for every 10 young people

Cost
