# What's it all about?

## Outdoor Adventure

Burst out of the classroom with our action-packed programme. Take part in a programme of 90 minute taster sessions, ideal for challenging young people, building skills, team work and having fun.

More than 60 activities on offer, including target sports, high ropes, water sports, outdoor skills and team building challenges.

## Original Outdoor Experience

Build confidence on the climbing wall. Learn leadership through orienteering. Improve teamwork in shelter building. Develop problem-solving with raft building.

Built on 116 years experience of outdoor learning, your programme of 3-hour sessions focuses on progression and learning by doing. In short, it's skills for life.

Stay in our Tented Village for an unforgettable night, cook your dinner over embers, and finish with on a high with a campfire.

## Adventure 50:50

This package includes half the number of activities of Outdoor Adventure for a more flexible stay. This gives you a chance to fit in some teacher-led sessions too.

Some schools use this for fieldwork, revision or to continue lessons. Most of our buildings have a hall space, and you can make full use of our grounds.

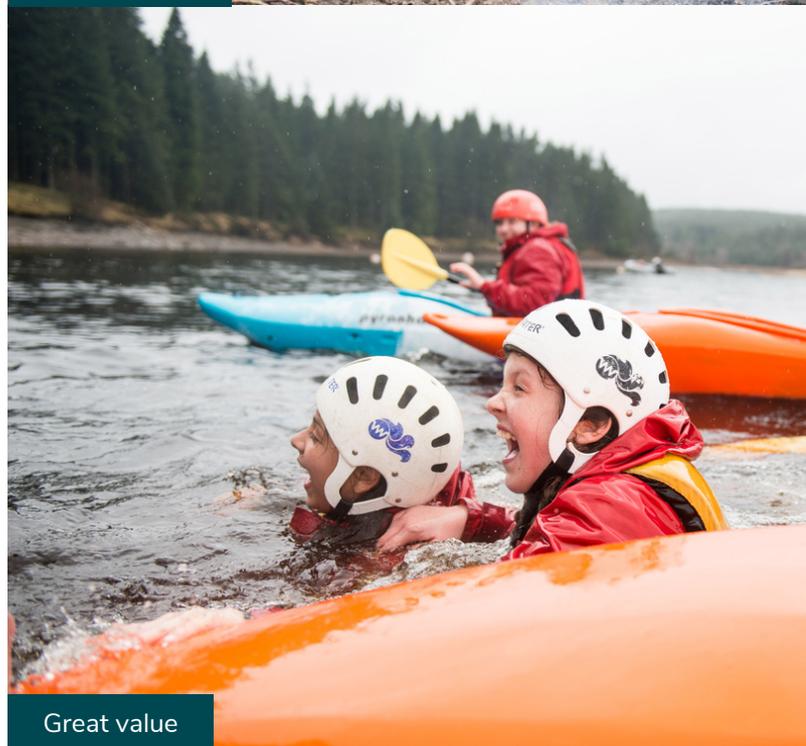

You could also use the time to plan a day trip to a local attraction.
